

Proceedings of the Workshop on New Approaches to Liquefaction Analysis

Preface

New Approaches to Liquefaction Analysis
Washington, DC
Sunday, 10 January 1999
Annual Meeting of the Transportation Research Board

This CD constitutes the Proceedings of the workshop on New Approaches to Liquefaction Analysis.” This workshop was held in Washington, D.C., on 10 January 1999, in conjunction with the 78th Annual Meeting of the Transportation Research Board. This workshop was sponsored by:

- TRB Committee on Foundations for Bridges and Other Structures
- TRB Task Force on Seismic Design of Bridges
- FHWA Office of Research (OFR)
- FHWA Office of Technology Application (OTA)
- Multidisciplinary Center for Earthquake Engineering Research (MCEER)

All files included on this CD may be viewed using Adobe Acrobat Reader. If you do not have Adobe Acrobat Reader on your computer, you may install Adobe Acrobat Reader from this CD by executing the file named “AR32E301.EXE” and following the on-screen instructions.

Please note: Due to copyright restrictions, only the first page of the article is reproduced herein for copyrighted articles submitted by the workshop presenters for inclusion in these Proceedings (e.g., articles from published conference proceedings). However, a detailed citation is given in the Table of Contents for these papers.

You may double-click on any of the titles listed in the Table of Contents to open that file. To return to the Table of Contents, click on the link at the bottom right of the page.
